Free Admission, All Welcome!!!

President Theodore Roosevelt is quoted as saying that Chautauqua is "the most American thing in America."

Chautauqua's were highly popular in rural America until the mid-1920s; they brought entertainment and culture for the whole community, with speakers, teachers, musicians, entertainers, and specialists of the day. Join us while we recreate the excitement and anticipation of Spirit Lake's very own history with a modern day twist.

Questions: Crystal Owens, Y.E.S. Program Coordinator 691-9153
